

Manifesto

I, Apurba Sarkar (175090018), a first year Mathematics student, contesting for the post of Assistant treasurer, if elected will give my best in bringing new ideas to optimize the expenditures. I propose to do following:

Key initiatives:

- Will collect the association fee from students and will give them receipt for the same
- Will keep track of all the transactions and will provide all the details if someone asks for it, be it faculty members or students
- Work closely with all association members and maintain a friendly relationship with them
- Will allot funds for farewell , freshers' party , department orientation, department convocation after discussing with other association members
- Will allot funds for alumni meet and for the refreshments by coordinating with the Alumni Secretary
- Will allot funds for sport events
- Will allot funds for costumes and other relevant things required for the cultural events
- **Olympiad:**
 1. Will create budget for the Olympiad with the help of other association members
 2. Will optimize this budget so that we can have as much as possible in the minimum price
 3. Will maintain the transparency in the expenditure by asking for all the transaction receipts from the respective team member
 4. Will update passbook regularly during the events
- **Expenditure tab:**

Will try to create a tab on association page with the help of Web and Design Secretary to ensure the transparency in all the transactions

Credential:

- I have the basic knowledge of **LPP, Excel, power point** etc

Lastly, I will try to make sure that I am able to solve all sorts of problems and I will also be open to all kinds of suggestions from everyone.
